

ROTHER VALLEY CROQUET CLUB
NEWSLETTER OCTOBER 2017

Hullo Everyone,

The playing season for many people is over but a number of members have been very busy at the Club. A very big THANK YOU to those members who came to the work day on Monday and spent the morning first clearing leaves, then measuring, carefully spreading lawn sand & seed, brushing then finally forking to deep tine the wettest area of lawn 2 near corner 3.

Others worked equally long & hard gardening & trimming edges, a good morning's work. The promised improvement of the lawns is well under way so we must hope for a winter that encourages grass to grow! You may notice a number of neat circles between the lawns where grass has been planted experimentally; John Coutts is studying the strengths of different grasses.

Anyone visiting the Club House will notice the floor covering has been lifted at one end, unfortunately it was very damp underneath, so that is one more concern for the committee to correct.

Usually at this time RVCC plans a series of winter activities, these have included Bridge, Mah Jong, Scrabble, Walks, and a few pub lunches. Anyone may choose to host these events or offer new ideas, equally everyone including friends may take part.

If you think you could host any event please contact Anne Smith (01903745793), email babsat1why@gmail.com with your ideas and possible dates so that a programme can be prepared before the AGM.

The next important event is of course the AGM in Duncton Village Hall

SUNDAY 19TH NOVEMBER 2017 2.00pm

The award of trophies, a short AGM, and excellent croquet tea in pleasant company!
